The EVENT field now defaults to the current year, so no need to select it and then select the first name from your drop down list. Remember this is just for Adults or Teens not Children.

Please review the drop down options and select which activity you wish to volunteer for and which role you want to take, e.g. Joint Coordinator, Adult Helper etc. Once you click on the

CREATE button, the morning and afternoon activities will appear as check boxes, select as many as you like and we will allocate later. We cannot guarantee that you will get your first choice but we will try where possible.

Then fill in the box with the names of any children for whom you will be responsible for. We will not put parents in the same group as their children so that the volunteers can focus on the group as a whole and it also encourages the children to mix and make new friends.

Once you have finished, select CREATE and repeat the process for all Adults & Teens attending this year's Holiday Funweek.
